

BRIEFLETS.

—April is trying to reign.
—One fresh tramp caught since Saturday night.
—This is the night for the Knights of Honor to meet.
—The Bowler City oarsmen elect officers to-night and arrange for the coming season.
—The Pleasant Grove Temple of Honor is celebrating its first anniversary this afternoon.
—The Musical Club will hold no meeting to-night, but will arrange a programme for one week later.
—Mrs. Hunt's school commenced to-day on another term's work. Her pupils seem to be getting a thorough drill.
—Prof. W. C. Whitford, State Superintendent of Public Instruction, made a pleasant call at the Gazette to-day.
—Mr. McAllister, who has done such a wonderful temperance work in Beloit, is going to try his hand in Janesville.
—Mr. W. H. Tallman has started East to attend to his father, who is reported as being quite ill at his brother's residence in Brooklyn.
—McKey & Bros' head milliner has just returned from the markets with a choice selection of French pattern hats and fashionable novelties in millinery.
—Rev. W. P. Stowe, the Methodist presiding elder, of this city, preached at Elkhorn yesterday, on "Sileat Influences," and presided over the regular quarterly meeting exercises.
—Sergt. Childers has returned from Ft. Atkinson, where he organized a club of 400 members. He is now taking a rest, and instead of trying to catch men with red ribbons, is trying to catch fish with worm.
—A little four-year-old daughter of Mr. Nathan Proper was bitten to-day by a dog while she was at play on the sidewalk. Medical aid was at once summoned and the wound, which was not a very serious one, was properly attended to.
—Yesterday was Passion Sunday and was duly observed as such by the ritualists. It is so called, being the second Sunday before Good Friday, because on that day Christ began to make open predictions of his coming sufferings.
—A few so-called gypsies encamped near the city, just beyond Spring Brook farm, Saturday afternoon. The feminine portion of the gang do not look anything like gypsies, but as they call themselves such, there is no one who cares to deny their assumption.
—The Mutual Improvement Club meet this evening. Miss Angie King will give a report of the Current Literature Section. Miss Fannie Pett will present a paper on Fenelon's "Telemechanics," and Mrs. F. C. Cook one on "Dickens' Descriptive Powers." A general invitation is extended to all.
—Mr. Nathan Dearborn who has long held the position of Superintendent of the Baptist Sunday School has positively declined to fill the office longer, and the school seems to be having a hard time to fill the vacancy. Five different ones have already been elected but all of them decline the proffered honor.
—An old man, the head of a very respectable family, has the serious charge laid at his door, of undue familiarity with children, while they were engaged in play on Court street last Saturday afternoon. As similar complaints have been made against him in times gone by, this case was to have been prosecuted, but family friends promised to keep him out of the city after this.
—Young Whalen, whose name has often appeared in these columns, in connection with criminal news, is again a resident of the city. It will be remembered that after serving a term for larceny, he celebrated his first day of freedom by getting so drunk that it became necessary to lock him up again. Being put to work with the gang, he managed to skip out, and being heard from at Jefferson, an officer went thither and succeeded in capturing him and bringing him back Saturday. He will now stop awhile.
—There is little need of saying further concerning Camilla Uro and her assistants who will give a concert here to-morrow evening. That there will be a good crowd there is little doubt. The prices of tickets are extremely low, considering the character of the entertainment, and the reputations of the artists are so wide-extending that there is a general desire to hear them. The columns could be filled with flattering press notices but it is little use to reproduce them when the list of names of those to take part are a sufficient recommendation.

THE QUARTERLY MEETINGS.

At the Court Street Methodist church, yesterday morning, Rev. A. A. Reed, of Sharon, spoke in the morning on the text "Let this same mind be in you which was also in Christ Jesus." He alluded to the fact that humanity was constantly improving physically, intellectually, and morally, but raised the question whether morally the human race was making as rapid strides as it was making in other directions. He then pictured out the main features of the character of Christ, and the effect which the same mind that was in Christ became the predominant mind, ruling persons and nations. The discourse was more of an exhortation than formal attempt to set forth any particular line of argument. It was a brief and befitting prelude to the sacred ordinance of the sacrament which followed, and was full of practicality. The same gentleman preached also in the evening.
At the First Methodist church yesterday, the usual quarterly meeting exercises were also observed. In the absence of the presiding elder, Rev. E. L. Eaton, of Beloit, preached in the morning and administered the Lord's supper. His discourse was a fine one. Mr. Eaton is gaining an enviable reputation as a pulpit, and has also won many admirers by his singing, he being wonderfully gifted as to voice, and somewhat cultured as a musician. Rev. Mr. Willis preached in the evening.

ATTEMPT TO BREAK JAIL.

Some of the Bad Boys Try to Get Free by Digging Through the Walls—They are Balked in Their Plans, and Put on Bread and Water as a Punishment.
A short time ago one of the inmates of the jail on being released from duress vilely intimated to the officers that there was a scheme on foot among the prisoners to knock down Deputy Sheriff Marsh and then make a break for freedom. But little credence was given to the statement, but it was followed by another intimation that there was a scheme for digging out of the jail. The officials have since then kept a sharp lookout for the boys, and have watched every movement with suspicion. Friday it began to be evident that there was something on foot and by Saturday the whole of the plot became apparent. At the South end of the hall there is a stone in the floor about eighteen inches square and partly cracked. The plan was to dig this up and by this means, find a little further digging, access to an old well, which has long since been disused, and covered over by the floor. The plotters fancied that by gaining access to the old well it would take but a small amount of digging to get beyond the walls. The work was necessarily to be done in the day time when the prisoners were in the hallway. In order not to be seen by the officers as they peered through the diamond hole of the outer door, they threw open a blind door of one of the cells, supposing thereby that they were cutting off the vision of the officers. The officers were, however, fully posted. At the bottom of the outer door are several openings through which by lying flat on the floor they could see under the blind cell door and watch the movements of the prisoners without being seen. All day Saturday the prisoners improved every spare moment digging about the broken stone, and got it so that it could be lifted out. The officers meanwhile felt sure that the attempt would be fruitless, as the old well on which so much hope was based, had long ago been filled up with stone. When it came time for the prisoners to be locked up, a little speech was made to them which surprised them greatly. They were informed that their actions had been watched closely all day, and that the officers knew exactly who were the chief workers. Those were named and were ordered to be kept in their cells on bread and water for ten days as a punishment. The boys took their fate with coolness, but were greatly perplexed to know how the officers knew all about their little schemes.

TEMPERATE TEMPLARS.

A New Cold-Water Organization in Center—A Large Number of the Friends of the Cause Join in the Launching.
In accordance with the announcement made in Saturday's Gazette, there was a new Temple of Honor instituted in the town of Center, Saturday night, it being christened the Pacific Temple. Fifty names graced the roll of charter members, of whom thirty-two were initiated, the rest of whom will become full fledged at the next meeting. There were about sixty of the cold-water workers from Janesville who were present to assist in the exercises, besides a delegation from the Pleasant Grove Temple. At the close of the ceremonies fully one hundred and fifty sat down to a bountiful banquet kindly prepared by the ladies of Center. The new organization starts out under auspicious circumstances, and well-offered by the following:
C. T.—Benjamin Blaisdell.
V. T.—William Campbell.
R.—William Cory.
A. R.—A. Lowrey.
F. R.—S. J. Cleland.
T.—Ira Fisher.
C.—William Dean.
U.—I. H. Parmley.
D. U.—A. F. Snyder.
G.—F. Fuller.
S.—J. L. Silverthorne.
P. C. T.—James Cleland.

THE WEATHER.

The thermometer at 7 o'clock this morning stood at 48 degrees above, at 2 o'clock at 59 above. Cloudy and threatening rain. One year ago to-day at corresponding hours, the thermometer stood at 59 and 51 degrees above.
The indications to-day are cloudy weather, with rain area, stationary temperature, southerly wind and falling barometer.
A light rain is reported at both Milwaukee and Chicago.

Flashing in their peevish sheen,

See those teeth unbarbed!

Yes, by the fragrant Sorodent,
May beauty's mouth be garnished.

An Astonishing Fact.

A large proportion of the American people are to-day dying from the effects of Dyspepsia or indigestion. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 10 cents to try. Three doses will relieve the worst case. Positively sold by all druggists on the western continent.

A Pardonable Pride.

Prompts most people to delay, by any laudable means that science affords, the evidences of physical decay. Who that is in perfect health would not match the bright eye, the active mind, and other appearances of youthful vigor, with the luxuriance, the rich color and beauty of youthful hair? Parker's Hair Balsam stands pre-eminent as an elegant hair dressing, and by its healthful action on the roots not only promotes a luxuriant growth of the young hair, but unfailingly restores gray or faded hair to the original youthful color, giving a soft, rich and lustrous appearance of great beauty. No other preparation so effectively removes dandruff or stops falling of the hair: its cooling and healing action entirely curing itching and humors of the scalp, and keeping the skin clean, white and healthy. It is perfectly harmless, exquisitely perfumed, and contains nothing that will soil the skin or gum the hair: it is not a dye, and is unequalled for excellence and purity. Buy a bottle from your druggist. A. J. Robert's, Janesville, Wis., and test its merits. *Advertisement of J. W. Willis*
